

Endo at The Old Surgery D E N T A L P R A C T I C E

Christian M. Lucas BDS (LPool 2013)
GDC Number 243891

Prior to dental school Christian worked as an analytical business chemist. During this time he also attended Manchester Metropolitan University reading Chemistry before committing two years as a full time charity worker in Scotland.

Dental life started at the University of Liverpool where Christian excelled, achieving a number of awards including the Thomas H Bickerton Prize two years running for outstanding performance in basic medical sciences. Christian graduated with a distinction in oral health - paedodontics and orthodontics.

Since dental school Christian has recognised the importance of keeping at the cutting edge of dentistry. He has taken part one of the MJDF exam and obtained his Post Graduate Diploma in Endodontics from the University of Chester, amongst a host of other post graduate courses. He has developed an innovative, forward thinking and progressive style of dentistry, especially concentrating on providing minimally invasive dental care with a focus on preventative dentistry. Christian is currently running a research project that could help increase the success rate of endodontic treatment. Christian maintains a firm commitment to charity work and spends a lot of time organising and singing in national choirs, organising activities and projects for local youth and directing local children's choirs.

Why Refer?

By referring patients with endodontic problems, you will give us the opportunity to provide the best outcome prior to restoration. We will treat your patients and return them to your care. With the ever-increasing patient expectations and litigation cases arising for dentists, you can be reassured that you are providing your patient with the best endodontic care available to them, using the latest techniques, materials and surgical microscope.

His knowledge and experience in both endodontics, research and teaching allow him to host study evenings, for our local colleagues and assist them with any cases if they wish to forward over any X-rays for basic advice. If you would like an opinion on a radiograph, please feel free to contact rebecca.copeland@oldsurgerydental.co.uk

Services Available

- RCT
- Re treatment endo therapy
- Difficult pain diagnosis
- Perio/Endo problems
- Post removal

Fee guide

Consultation only - **£150** (usually around 20 mins) in our experience many patients would like a pre-treatment assessment to confirm the feasibility and predictability of the outcome of endo treatment.

Root Canal Therapy - **£500**

Re- Treatment Root Canal Therapy - **£600**

We hope you will be delighted with the results we can achieve for your patients and find our endodontic service a valuable part of their dental healthcare, whilst supporting you, our referring dentist and your team. If you would like to learn more about our endodontic service, or would like to discuss a meet and greet, please contact Rebecca Copeland, our treatment coordinator, on 01270 587820 / 01270 256884 or email rebecca.copeland@oldsurgerydental.co.uk

To refer patients please either:

- Complete one of our referral forms and send it back to us
- Write to us with the patient's details and a brief history

You can either:

- Post to: The Old Surgery Dental Practice, 31 Hungerford Road, Crewe, Cheshire. CW1 5EQ
- Send via our website www.oldsurgerydental.co.uk
